

# TEKURA SCONCE

Compact. Efficient. Adequate

Made of oiled teakwood or weathered teak and high-performance Italian HPL.

TEKURA sconce blends seamlessly into any environment. Easily attachable to a wall, fence or tree, providing light in a harmless and clean manner. It's small figure draws little attention during the day, however, it effortlessly enhances the life of all agriculture during the night. Highlighting only what's worth noting.

Weight 3 lbs
